Work for us

We are delighted that you're interested in this role - it couldn't be a more exciting time to join us. We are a new organisation formed out of the merger of Ambition School Leadership and the Institute for Teaching.

We know that great teaching and school leadership are *the* most powerful levers for transforming children's outcomes. Effective leaders set the culture and create the conditions for improvements in teacher expertise, and expert teachers can close the attainment gap. Yet too much professional development for teachers and school leaders is low-quality, generic and fragmented.

Our new organisation, launching in Spring 2019, will have a single focus: to help teachers and school leaders to keep getting better. We think that this is the best way to make sure that every pupil, regardless of their background, gets a great education.

We will be the largest teaching and school leadership development provider in England, with more than ten years of collective experience working with everyone from new teachers to multi-academy trust CEOs and all of the roles in between.

Through our evidence-based programmes, we'll work with schools serving low-income communities to provide high-quality development for educators at all levels, built on an understanding of what schools really need to improve. Our work is informed by the latest research and practice from the front line. Moreover, it's shaped constantly by our partnerships with schools and trusts across the sector and the frontline experience of our network of teachers and leaders.

To help us achieve our vision and mission and establish a thriving and positive working culture, we are looking for high-calibre and ambitious candidates to join us.
